## SECURITY

## COMMUNICATION SYSTEM FOR FIREFIGHTERS, FIRST-AID WORKERS AND SECURITY PROFESSIONALS.

The Vokkero® Guardian Plus & Vokkero® Guardian ATEX systems have been developed to meet the specific needs of rescue teams and security professionals.

As they do not require any kind of fixed installation, they provide immediate and continuous communication for up to 16 members of one team wherever it might be deployed.

A world first, these all-in-one, hands-free communication systems offer unrivalled freedom of movement to all mobile teams, enabling quick and effective intervention.

Light, robust, waterproof radio equipment available in ATEX version, they stand up to difficult environments, impacts and water sprays.

Acclaimed by numerous American and European fire brigades as well as by prestigious security services, these top-of-the-range portable radio systems enable continuous communication between members of an intervention team.

**EMERGENCY SERVICES, SECURITY,  
SPECIAL FORCES, MINE CLEARANCE,  
AUDIO QUALITY, FIREFIGHTERS**
